Mr. Robert Haber, Treasurer,  
McClung & Morgan Stores Company,  
South Charleston, W. Va.

Dear Mr. Haber:

We are just in receipt of your letter of yesterday, instructing us to ship 100 10¢ pieces and 1,000 5¢ pieces, Master Patented Metal Scrip, sent as last. Accept our thanks Mr. Haber, and the assurance that the order will have our earliest attention.

Our records would indicate that inclusive of order just received, that we will have shipped your firm, a total of 5150 pieces of Master Metal Scrip. Your letterhead lists 9 stores. This would allow for an average distribution of 566 pieces of Scrip per Store. Evidently therefore, the conclusion is that not all of your stores are on the Master Metal Scrip System.

We wonder if we might have for our files, a list of the Stores that are on the Master Metal Scrip System and a list of the systems in use at the other stores. If possible for you to submit this information, it will be greatly appreciated, we assure you.

And, further, if in any way we can be of assistance to you, with respect to the operation of the Master Metal Scrip System, we trust you will call on us. It will be a pleasure to cooperate with you in any and every way that we can.

Cordially,

Mr. F. E. Summers,  
F. E. Summers Dep't., Store Co.,  
Charleston, West Va.

Dear Sir:-

This will acknowledge receipt of your order for 1000 pieces of  
Patented Metal Scrip, assorted as follows;

150 Pieces	50¢	225 Pieces	5¢
150 "	25¢	250 "	1¢
225 "	10¢		

The above scrip to be Nickel Plated.

Please note sample 1.00 scrip herewith. The design side of die will  
read as per sample. On the face of the scrip will appear the following  
wording, to wit;

F. E. SUMMERS DEPT. STORE      SHARLOT, W. VA.      NOT TRANSFERABLE  
The value of the piece will also appear on the face of the scrip.

We presume this scrip is not to be used in the coal business -- that is  
as an advance to employees. If it is, it will require special wording  
on the stock dies (design side of scrip) to conform with the law.

You specify "in mdse", but our stock die reads "in trade" as you will  
note and which doubtless will be O.K.

Thanking you for the order, with which we are proceeding at once, we are

PURCHASING DEPT.  
G. L. PETTREY:M.

June 1, 1928.

Mr. C. L. Petrof, General Manager,  
The Standard Supply Company,  
Kearnsburg, W. Va.

Dear Sir:

We are pleased to acknowledge receipt of your request of the 2nd  
for samples and prices on Patented MASTER METAL SCRIP.

It is probably not necessary to go into detail regarding the operation  
and merits of our Patented Master Metal Scrip as, since in all  
possibility you are conversant with these phases -- suffice it to say that  
as the original introducers and pioneers of Patented Metal Scrip,  
followed by sixteen years of specializing in this one field, you  
may be assured that in Master Metal Scrip you will find the best obtainable.

The service we have rendered our customers during the past sixteen years  
may likewise be accepted as ample assurance that we are thoroughly  
equipped to, and will, take care of you Scrip requirements to your  
complete satisfaction in every detail.

We are just now completing shipments of 8 lots of Master Metal Scrip  
for the stores allied with the Houston interests at Cincinnati, namely;  
Fidewater C. & C. Co.; The King Coal Co.; Houston Collieries Co. Carswell;  
The Keystone F. & F. Co.; Houston Collieries Co., Hamilton; Houston Coal  
& Coke Co.; Tracker C. & C. Co. 2 and Tracker C. & C. Co. 11.

If you will indicate the amount of the largest month's Scrip Sales of  
each store, it will enable us to inform you as to your exact requirements  
and just how the scrip should be assorted as to give you the largest  
possible degree of service.

Herewith we submit a rough suggestive sketch for the face side of your  
Scrip, showing the name of the store in large letters across the face,  
which is similar to the arrangement worked out for the Houston order.  
However, this is subject to any suggestion or correction you may wish  
to make.

Master Metal Scrip comes in either Bright Brass, Bright Copper or in  
Nickel and each store's scrip may be of one material or assorted as  
to materials named above - no difference in price.

Presumably you will want the Scrip made up in the name of The Standard Supply Co. in which case the patented design side will be the same as that shown by the Brass sample herewith. Should the Scrip be made up in the name of a coal company, then the special clause as required by law, as shown by the Nickeled sample herewith, should appear thereon.

We are indeed anxious to see you install Master Metal Scrip and we are accordingly submitting our very lowest rock-bottom prices, as follows:

Assorted MASTER METAL SCRIP  
Brass, Copper or Nickeled.

Less than 10,000 pieces,	28.50	per 1000 pieces.
10,000 to 20,000 "	28.50	"
20,000 to 30,000 "	28.75	"
30,000 to 40,000 "	24.25	"
40,000 to 50,000 "	23.00	"
50,000 pcs. and over	21.50	"

Terms: 35 10 days; 60 days net. F.O.B. Dayton, O.

We sincerely trust it may be our privilege to serve you and you may be certain that every detail of your order will have our very best personal attention.

Thanking you in anticipation of an early and favorable response, we are—

Cordially and sincerely,

Wondered if you were in touch with these folks and if they might not  
be in the market for Scrip Registers? We wrote them and sent them

Mr. C. L. Fetter, General Manager,  
The Standard Supply Company,  
Clarksburg, West Va.

Dear Mr. Fetter:

We thank you for your letter of the 7th and are pleased to give you the information you want.

The following lot of 3000 pieces of Master Metal Strip, totaling \$142.50 face value, you will find well assorted to meet your requirements, based upon our sixteen years of experience.

1000 Dollars	500 Halves	500 Quarters
750 Dimes	750 Nickels	1500 Pennies

These may be made up in brass- copper or nickeled. If one material is desired --generally preferred -- we would suggest that the 5¢ pieces be made up of some other material than the balance, for the reason that it will enable you to quickly distinguish between the three smallest denominations- For example; all brass with 1/2¢ pieces copper. or we will assort the lot for you if desired.

The cost of the foregoing assortment, pursuant to price submitted in ours of June 1st, is \$142.50, subject to terms as stated.

We do indeed hope that we may merit your order and again assure you that your interests will be well taken care of and that you will not once regret the adoption of Patented Master Metal Strip.

Awaiting your kind and prompt reply and again thanking you, we are

Cordially yours,

Att: E. C. Davis  
Subject: Scrip shortage  
Your order No. 21024-S

Gentlemen:-

Our shipping department reported a shortage of 25 Pennies for which a credit memo. was issued. We find however, after a careful recheck of our records that there were 34 Pennies and 2 Nickels short. No record of any shortage on Halves which are checked as C. V.

Since the number of Halves which you report short agrees with the number of Pennies our records show to have been short, we wondered if you were actually short on Halves and whether your report should not have read Pennies instead.

It will be appreciated if you will kindly look into this reported shortage further and advise us. On receipt of a further report from you in the matter, we will at once replace the shortage.

Very sincerely yours,

Engle & Schiarich Company.

Re. Scrip Shortage

Dear Sir:-

After delving further into this matter, we find that Six Store was given a credit for a shortage of 25 pieces 1¢ scrip and Coalwood Store a credit for 2 pieces 5¢ scrip and 34 pieces 1¢ scrip. These credits should have been reversed. Coalwood Store should have had the first mentioned and Six Store the other.

It develops now that your report on Six Store's shortage, namely 3 pieces of 5¢ scrip and 34 pieces of 50¢ scrip (instead of 1¢) is correct.

Accordingly we are issuing corrected Credit Memos herewith, cancelling the former ones. Trust you will experience no trouble in getting this matter straightened out.

Very sincerely yours,

JHS-3

The reverse side of scrip will bear the proper marking etc., to conform with the West Va. law, as shown by sample enclosed.

We have made up the assortment so as to diversify the material for the various combinations -- this arrangement plus the design which we enclose for your scrip will give you an excellent arrangement throughout.

In all odds, the MASTER PATENTED METAL SCRIP SYSTEM is thesafest, cheapest and best system on the market today -- and we say without hesitancy, confirmed by hundreds of users, that the system will pay for itself over and over again and render satisfaction even beyond your highest expectations.

Anticipating the return of your formal order and assuring you that your requirements will have our closest personal attention in every way and that shipment will be made as soon as possible, we are

Very sincerely yours,

Gentlemen:

Referring to your letter of the 20th.

The price of \$210.00 quoted for the 6,000 pieces  
seems to be out of line with other quotations we  
have received. While we would like to make the  
purchase thru you, we do not feel that we could  
do so at this price.

Yours truly,

Dear Mr. Callison:

Back in 1929, Mr. W. N. Jasper, then General Store Manager, on Slab Fork stationery, ordered a supply of Western Metal Srip for Scotia Coal & Coke Co., store, at Pinlow. We have never heard anything further from this operation and are wondering if the store is still operating, can you tell us? And if so, give us the name and address of the store manager. From our records, it would appear that G. L. Bailey at Bush Run, is the store manager. Is this correct?

Gentlemen:-

Since we received your last order of scrip we have changed our equipment and the dies that you sent us will not work with our present equipment, and for that reason we are making up new dies to complete your order of 101980 of August 6th. The cost of making these dies will be absorbed by us and we will so mark your old dies, that when they are returned to you with the new ones you will be able to designate one set from the other.

With our new installation we are able to produce a more uniform scrip and we feel that you will be pleased with the improvement.

Mr. C. C. Collison  
Slab Fork Coal Company  
Slab Fork, W. Va.

Dear Mr. Collison:

We thank you for your order #06283 for assorted Scrap.

We are taking the liberty of increasing the number of Halves from 50 to 100 pieces, which is the minimum run for any one size and which we always will meet with your approval.

We should be glad to fill your requirement, if all of the Face pieces are received and there will be no charge to you with the shipment.

The lot cost of this supply will be \$49.75, if you should care to enter this amount on your order record.

The Penny Pieces are being charged you at the rate of \$1.30 per 100 pieces, which comes under a special price arrangement due to sales tax requirements. We might add, that the 50 lot price on Pennies under this special price concession, is 90¢ per 100, or \$45.00 for the 50 pieces (less than face value).

Should you care to increase your order to \$50, suggest you wire us authority, collect.

Cordially yours,

J. H. Schierloh.

(Take in dollar scrip From Alma Pond Creek Coal Co.,)

K e i t h -----

March 4, 1927.

Mr. Curtis Phillips, General Merchant,  
Sprigg, West Va.

Dear Mr. Phillips:-

We have just sold the Alma Pond Creek Coal Co., a supply of Dollar Patented Metal Scrip, and Mr. Sampson informs us that your store is one of the stores which will be authorized to take in this scrip.

Now why don't you get a supply of the smaller pieces from 50¢ to 1¢ and handle this business on a "just like Cash" basis. It's the best and cheapest plan that has ever invented.

It won't cost much and the first cost is the last - a supply will last you a business life time. You would be given a different metal for your scrip so that it could be easily told from the other merchant's.

We say this, you'll never regret putting your business on this basis - this has been the leading system for seventeen years and is endorsed by the largest as well as the smallest stores in the country.

Tell us how much scrip or credit business you do per month and we will advise you as to just the exact assortment to fit your requirements, and also give you the low cost on such a supply.

If you do any credit business with folks other than with Alma Pond Creeks employees, you can also have some dollars made up to handle same on the receipt basis as explained in the booklet herewith.

Mistakes, Disputes, Arguments and Losses are absolutely done away with under this plan and you'll get the small cost back many times during the first year's use of Patented Metal Scrip.

Let us hear from you at once.

Very sincerely yours,

INGLE-SCHIERLOH COMPANY,

J. H. Schierloh.

Dear Sirs:

I had a letter from you a few  
days ago introducing your Metal Scrap  
and have much liked your letter. I have  
talked with Mr. Sampson of the Union Bond

this scrap is comparatively small and would  
like to purchase 50 Pies. 50¢. — 50 Pies 25¢

Mr. Curtis Phillips,  
Sprigg, West Va.

My Dear Mr. Phillips:

We have your letter of the 14th asking that we make up 400 pieces each of the following Patented Metal Scrip, 20¢ - 10¢ - 10¢ and 5¢.

Now we appreciate this and we'd like just as fully well to do that, but the fact is, we never make up less than 100 pieces of a kind. It's our fault for not having mentioned that fact in our other letter. As you can see Mr. Phillips how it is, we've got to make up Special Steel Dies for each piece and on 60 piece lots we wouldn't break even.

One hundred pieces of each of the 4 sizes won't be too much for you and the cost is only \$17.00 - why you'll make that back in a very short time, we know you will.

And, if you want to send your order to us now, we'll allow you a 5% discount. But don't let that hold up the order. We've prepared a telegram all ready for you to hand in at the telegraph office - it's enclosed herewith - just send this collect wire to us at once and we'll lose no time in getting right at your order - and we promise that you will be well pleased with the Scrip we furnish you. Listen! why the advertising of your business, with your name on the 400 Metal pieces will be worth the small cost.

Send the wire immediately.

Gentlemen:

As we are looking about seeking to build up our  
business, we are writing to see prices on wood.

We would like to have in one place a good lot of  
wood and have the price set on it.

Please let us know if you can give prices on the  
wood and if we would want it to have on of large lot.

Yours very truly,

Dear Mr. Sampson:-

Your letter of the 22nd regarding One Dollar Scrip with the scrip law on it, was just now turned over to us by the National Cash Register Co. Sorry it was not sent to us direct so that the delay might have been avoided.

We have been sending you literature and the fact that we advertise an N. C. R. issuing register may have led you to write to them instead of us.

Suppose now, the earliest you could put the scrip in operation on the basis mentioned in your letter, would be the 15th of March. However, we are equipped to give you immediate service and on One Dollar Pieces of Patented Metal Scrip we quote you price of \$4.25 per hundred. If any single design or letter is to be cut through, such as an "A2" there would be an additional charge of \$20.00 on the lot. Terms; 3% 10 days, 30 days net - F.O.B. Dayton, Ohio.

Now, we know what you want as to the law wording and as we said we are prepared to give you prompt and efficient service.

Your immediate reply will be appreciated.

Very sincerely yours,

WOLFE-SCHIERLOH COMPANY,

-3

J. H. Schierloh.

Mr. Sampson: When replying wish you would give us the names of the outside stores, and their addresses, that take or rather will take in your scrip. Thanks ver much in advance. J.H.S.

Mr. M. D. Sampson,  
Alma Pond Creek Coal Company,  
Sprigg, West Va.

Dear Mr. Sampson:-

Just in receipt of your order for 300 pieces Dollar Scrip, which we have entered for immediate attention and we hope to make early shipment. Accept our thanks and the advance assurance that you will be well pleased with the high quality of our Scrip.

We are writing the merchants that take in your dollar scrip, suggesting that they also go on this scrip basis, using the smaller pieces from 50¢ down to the 1¢ piece. It's undoubtedly the cheapest and most satisfactory plan that they could possibly install - making change just as though they were doing a strictly cash business. Each of the three merchants we are suggesting, use a different metal for their change, one brass, one copper and one nickeled. It wouldn't cost them but very little for a supply of Scrip change and the first cost is the last. The change would last them a business life-time.

No doubt you can put in a strong good word for us there - will you? we will surely appreciate it. Of course, their scrip change would not need the law on it, as yours will have.

A line or two from you on this matter will be thankfully received.

Very truly yours,

INGLE-SCHIERLOH COMPANY,

Gentlemen:-

We have just sold the Alpha Cond. Credit and Co., a supply of DONALD  
Patented Metal Scrip, which they will issue to their employees.  
Mr. Sampson tells us that your store is authorized to take in this  
scrip.

Now why don't you get a supply of the smaller pieces, from 50¢ to 1¢  
and handle this business on a "just like cash basis" giving your  
customers scrip change. It's the Best, Quickest and Cheapest plan  
on the market.

A supply of scrip won't cost much and it will never wear out. And  
the first cost is the last one. We would furnish you with a different  
metal for your scrip so that it will be easy to quickly tell it from  
any other metal.

You will never regret putting in this plan, it's a sure money  
maker and has been the one leading plan for the last seventeen  
years.

If you'll tell us how much scrip or credit business you do per month,  
we can tell you the exact assortment you ought to have and we will  
also give you our lowest price.

If you do credit business with other folks, you would also want a  
few dollar pieces. This business you could handle on the Receipt Plan  
as explained in the enclosed booklet.

Mistakes, Disputes, Arguments, Losses -- all are a thing of the past  
when you use Patented Metal Scrip. IT'S A "DONE" FROM THE START.

Dear Sir:-

We are just in receipt of your inquiry asking about price on  
Patented Metal Strip in the different denominations or sizes  
except dollars.

Now we do not make up less than 100 pieces of a size, but that  
won't be too many for you and the cost is only \$21.00 -- you'll make  
that back in a short time - you'll see. And then, as we told you,  
that the cost is all yours is to it. Try your name on 100 pieces,  
enlarged 11.5x21, will be worth that much to you in advertising  
alone.

If you want to send your check along at once you can take off a 10%  
discount (\$1.00) but don't let that hold up your order because the  
sooner you get this plan to working the sooner you're going to see  
more profit, honest net profit, come out of your business - It just  
has to when you use PATENTED METAL STRIP, every body that uses it will  
tell you that.

Now enclosed you will find a rough sketch for the face side of your  
Strip which will make up fine. We are also enclosing a telegram that  
you can send us immediately collect and we'll get busy on your order  
at once to hurry it along. You will want your Strip made up of  
COPPER, that'll make it different from what the others are using  
and you'll always know it at a glance.

You will certainly be pleased with the strip that we furnish you  
but you'll be more pleased with the cash you get with what  
it will earn for you. Be sure to get the telegram off at once - it  
means INCREASED PROFITS for you.
